

YOUR VOICE MATTERS

CHD's Disability Resources program is a local provider of sports and recreational opportunities for individuals with physical or intellectual disabilities -- and we want to hear from you! We know veterans are looking for opportunities to be active, but we need your ideas and interests for programming. Just a few of our current programs include competitive sled hockey, as well as rock climbing, adaptive cycling, kayaking, and fishing. But we want to do more.

We are scheduling our first of many regional conversations and we hope you will join us. Your voice matters. Can't make the meeting? You can still participate. Email your ideas to Ryan Kincade at rkincade@chd.org.

Monday, May 21, 2018 from 5 to 6 pm
